FOR IMMEDIATE RELEASE

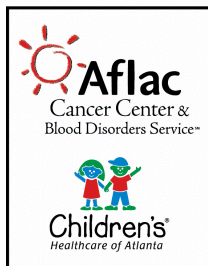

February 22, 2011

Healing Through Music-A Benefit That Rocks **Featuring Up Until Now (1320 Records) & The Axis**

Athens, GA- The 3rd in a series of fundraisers will be held at Barnette's on College Avenue in Athens on February 25th at 9 pm, featuring Athens own, Up Until Now (1320 Records) and Atlanta-based funk/electro band, The Axis. All proceeds will be donated to Rock Against Cancer, a nonprofit organization that supports the emotional needs of young cancer patients through Music Therapy and special music events. Music Therapy helps not only to soothe young patients by alleviating stress and anxiety, but also to provide a voice and an outlet for emotions during treatment. Tickets, available only at the door, are only \$10 and will provide you with a music filled evening and free beer will be available while it lasts.

There will be a raffle for 2 tickets to the STS9 (1320 Records) at the Classic Center on 4/20/2011. There will also be a silent auction with signed items from STS9 (1320 Records), Perpetual Groove, and Drive by Truckers. Art from Kris D and Keegan Keel will also be available through silent auction. Come enjoy a fun filled night of music and help make a difference!

B E N E F I T I N G

Proceeds from the event will benefit the Rock Against Cancer "School of Rock" program kicking off at the AFLAC Cancer Center and Blood Disorder of Children's HealthCare of Atlanta. A "School of Rock" program providing a full-time music therapist, digital recording studio and an array of music and percussion instruments will start making music at two Children's Healthcare of Atlanta Hospitals in September.

About Rock Against Cancer

Founded in 2000, Rock Against Cancer is a national non-profit organization using Music Therapy and innovative music programs while working with well-known entertainers from the music industry to empower and support the emotional needs of young cancer patients. Rock Against Cancer's programs provide children and families respite from the long and painful cancer treatment process using music, while helping to garner public awareness and support for the youngest cancer survivors. RAC programs include Stars Night Out, Gifts from the Heart, and School of Rock. Lisa White, Ph.D founded Rock Against Cancer after her son, Gabriel, was diagnosed with leukemia at the age of two and went through thirty-eight months of treatment before going into remission.
